

Lean Conveyor Track with Stop Plate and Slide Rails, Aluminium Profile, Configurable - Bosch Rexroth 3842998388

Item no. BRR-3842998388

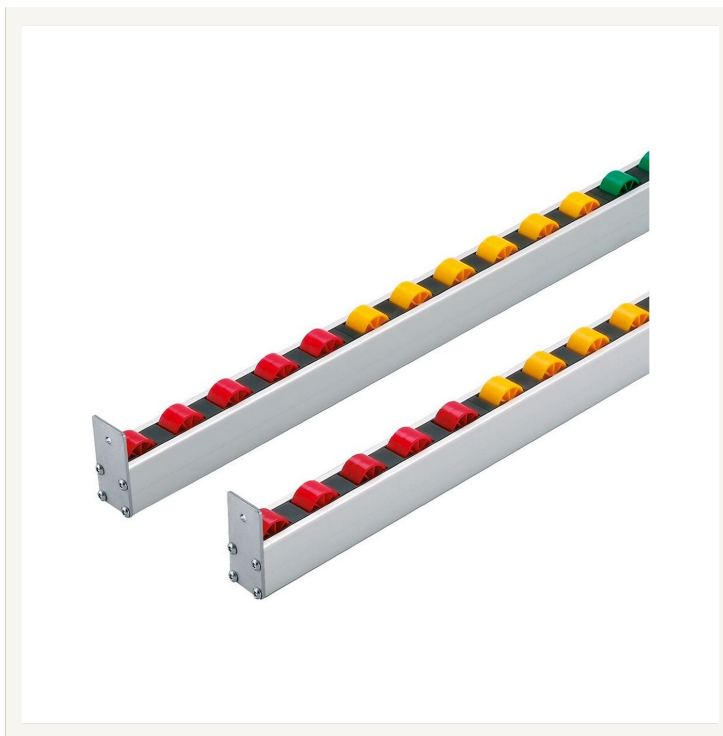

Manufacturer Bosch Rexroth

Lean conveyor track with slide rails and stop plate for manual workstation linking in assembly lines. The aluminium U-profile is available in lengths from 355 mm to 6000 mm and is delivered fully assembled. An ESD-conductive version is available on request.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84283990**

Weight **0.15 kg**

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Lean conveyor track with stop plate (slide rail version) from Bosch Rexroth provides flexible manual linking of workstations in assembly and production environments. The aluminium U-profile accepts slide rails with or without an integrated lateral guide (GS / GSSK) and is available in an ESD-conductive version (U-profile: plain aluminium). The track is delivered as a fully assembled unit comprising two conveyor sections (right and left) with stop plates.

- Slide rails with or without integrated roller flange (GS / GSSK) - suited to kanban and material-flow applications
- Lateral guide optional with or without border
- Rail holder with or without stop
- ESD-conductive version available
- Delivered fully assembled - ready for immediate installation
