DESCRIPTION

The Universal Chain 65+ is the base chain for the VarioFlow plus conveyor system in size 65, supplied fully assembled at a length of 2898 mm. It fits directly into new or existing VarioFlow plus conveyor lines and combines POM chain links with stainless steel 1.4301 chain pins and PA 66 pivot pins for smooth running and high chemical resistance.

- Fully assembled including chain pin and jointed bolts - no preparatory work required before installation
- POM chain links: low friction, lightweight, resistant to common cleaning agents and process media
- Stainless steel 1.4301 chain pin: corrosion-resistant, suitable for humid or wash-down environments
- PA 66 pivot pin: good mechanical strength with low added weight
- Expandable with dedicated chain link variants: static friction chain link, accumulation roller chain link D11, roller cleated chain link D20, cleated chain link
