

ESD bench mat set blue 600 x 900 mm with press studs - Weller WL73151

Item no. WL73151

Manufacturer Weller

ESD bench mat set for a static-safe soldering station. Includes the two-layer dissipative table mat 600 x 900 mm and two 10 mm press studs for grounding.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Blue
Depth	900
Norm	IEC 61340-5-1
Sales unit	1 Stueck
Weight	1 kg
Width	600

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The Weller ESD bench mat set provides a soldering and assembly workstation with a dissipative table mat that protects static-sensitive components. The two-layer mat drains charges in a controlled way, and the supplied press studs make the ground connection.

BENEFITS

- Two-layer build of a dissipative and a conductive layer for defined discharge
- Heat- and solder-resistant surface for direct use at the bench
- Chemical- and oil-resistant, permanently elastic and abrasion-resistant
- Antireflective surface for fatigue-free work

TECHNICAL DATA

- Dimensions: 600 x 900 mm
- Material: two-layer ESD mat (dissipative / conductive)
- Colour: blue
- Typical bleeder resistance: 10^6 to 10^8 ohms
- RoHS compliant

SCOPE OF DELIVERY

- ESD bench mat, blue, 600 x 900 mm
- 2 x 10 mm press stud

APPLICATION

Suitable for soldering benches, test stations and assembly in electronics manufacturing where an ESD protected area to IEC 61340-5-1 is set up.
