### STANDARDS & COMPLIANCE

ESD safe

### DESCRIPTION

Ramp element for the edge finish of ProFloor floor puzzle areas. It creates a low transition to the adjacent floor and eases crossing the edge with pallet trucks and trolleys.

### TECHNICAL DATA

- Material: PVC (not ESD rated)
- Surface: smooth
- Dimensions: 608 x 100 mm
- Version: negative interlock
- Colour: yellow

### APPLICATIONS

Accessory for the dissipative ProFloor floor puzzle tiles. Positive and negative interlock complement each other for a continuous edge finish.
