

Ramp element for ESD floor puzzle ProFloor, positive interlock, 608 x 100 mm, yellow

Item no. C-208 8005-RPG**Manufacturer A1-ESD**

PVC ramp element for the ProFloor floor puzzle tiles, 608 x 100 mm, yellow. Version with positive interlock for the edge transition. Not ESD rated.

TECHNICAL DATA

Ausführungsklasse	TEC
Colour	Yellow
Depth	100
ESD equipment	ESD-Beläge
Sales unit	1 Stück
Weight	0.1 kg
Width	608

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

Ramp element for the edge finish of ProFloor floor puzzle areas. It creates a low transition to the adjacent floor and eases crossing the edge with pallet trucks and trolleys.

TECHNICAL DATA

- Material: PVC (not ESD rated)
- Surface: smooth
- Dimensions: 608 x 100 mm
- Version: positive interlock
- Colour: yellow

APPLICATIONS

Accessory for the dissipative ProFloor floor puzzle tiles. Positive and negative interlock complement each other for a continuous edge finish.
