

PCB Support for PL550A and RPC550A - Ersa 0PL500A-LP01

Item no. ER-0PL500A-LP01

Manufacturer Ersa

PCB support for the Ersa PL550A and RPC550A rework and placement systems. It securely holds and supports the board during rework and placement for precise, repeatable results.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
ESD equipment	ESD Lötstationen
Weight	0.1 kg

DESCRIPTION

The Ersa 0PL500A-LP01 PCB support securely holds and supports the printed circuit board during rework and placement operations. It is intended as an accessory for the Ersa PL550A and RPC550A systems and provides a stable, level surface for the board.

TECHNICAL DATA

Manufacturer	Ersa
Article number	0PL500A-LP01
Type	PCB support
Compatible systems	PL550A, RPC550A
Country of origin	Germany
