

Deflector Set Right for Switch Bracket SH 2/S and SH 2/ST - Bosch Rexroth 3842558834

Item no. BRR-3842558834

Manufacturer Bosch Rexroth

Stainless steel protective deflector that prevents unintentional access between the workpiece pallet and the switch bracket during operation. The right-hand set includes one deflector right and galvanized steel fastening material. Compatible with switch brackets SH 2/S and SH 2/ST and rocker WI 2/M - centering bolts allow quick pre-positioning in the profile slot.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	84313900
Weight	0.0099 kg

DESCRIPTION

The right-hand deflector guards the gap between the workpiece pallet and the switch bracket against unintentional contact during assembly line operation. Centering bolts pre-position the deflector in the profile slot for fast, accurate installation without additional alignment.

- Compatible with switch brackets SH 2/S and SH 2/ST, and rocker WI 2/M
- Deflector in stainless steel - corrosion-resistant for continuous production use
- Galvanized steel fastening material included
- Centering bolts for quick pre-positioning in the profile slot
- Supplied not assembled
