

Extraction arm Highflex 1,000 mm for direct mounting on the filter unit - Ersa OCA10-4002

Item no. ER-OCA10-4002

Manufacturer Ersa

EAN 4003008095197

When the filter unit stands next to the bench, a direct-mount arm is all you need. This 1,000 mm Highflex extraction arm fits straight onto EASY ARM 1 or EASY ARM 2 without an intermediate hose and reaches across the whole working area.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
ESD equipment	ESD Lötstationen
Weight	0.1 kg

DESCRIPTION

With the filter unit placed on or next to the bench, direct mounting saves accessories and height. The 1,000 mm Highflex extraction arm attaches straight to the EASY ARM 1 or EASY ARM 2 filter unit and brings the capture hood over the soldering area.

BENEFITS

- 1,000 mm length covering the complete working area of a soldering bench
- Direct mounting on the filter unit, no additional connection hose required
- Highflex design, flexible to position and dimensionally stable once set
- Suitable for EASY ARM 1 (OCA10-001) and EASY ARM 2 (OCA10-002)

TECHNICAL DATA

Item no.	ER-OCA10-4002
Manufacturer	Ersa
Manufacturer item no.	OCA10-4002
Version	Highflex, direct mounting
Length	1,000 mm
Suitable for	EASY ARM 1 (OCA10-001), EASY ARM 2 (OCA10-002)

APPLICATIONS

Hand soldering, desoldering and rework at single benches where the filter unit sits directly at the workstation. On the EASY ARM 2 two arms can be run and adjusted separately.

COMPATIBILITY AND SCOPE OF DELIVERY

For the Ersa EASY ARM 1 and EASY ARM 2 filter units. Delivery covers one Highflex extraction arm of 1,000 mm length for direct mounting. For table mounting away from the unit, the versions with joint and connection hose 0CA10-2002 are available.
