

PC holder for vertical or horizontal CPU mounting under the worktop - Treston CPU

Item no. TR-CPU

Manufacturer Treston

EAN 4716123502913

Adjustable CPU holder mounted underneath the worktop. The computer can be fitted either vertically or horizontally and stays easily accessible.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Finland
ESD equipment	Nein
HS-Code	94039090
Weight	4.33 kg

DESCRIPTION

The Treston CPU is an adjustable computer holder mounted underneath the table worktop. It secures the PC tower in place without occupying valuable work surface.

FEATURES

- Adjustable bracket for vertical or horizontal CPU orientation
- Mounts underneath the worktop
- Suitable for common PC enclosures

USE

Ideal for workstations where the computer should be moved out of the direct working area. Under-table mounting keeps the desk surface clear and protects the unit from knocks.
