DESCRIPTION

The Treston MA is a swivel arm for LCD flat screens with a load capacity of up to 10 kg. The quick-release mechanism is fitted with the standard 75x75 and 100x100 mounts and accepts all common flat screens.

SPECIFICATIONS

Property	Value
Load capacity	max. 10 kg
VESA mount	75x75 and 100x100
Attachment	quick-release

USE

Positions the monitor flexibly at the workstation for an ergonomic viewing height. The quick-release allows the screen to be removed quickly.
