DESCRIPTION

The Treston MA2 is a dual swivel arm for LCD flat screens with a load capacity of up to 15 kg. The quick-release mechanism is fitted with the standard 75x75 and 100x100 mounts and accepts all common flat screens.

SPECIFICATIONS

Property	Value
Load capacity	max. 15 kg
VESA mount	75x75 and 100x100
Attachment	quick-release

USE

The second joint offers greater reach and freedom of movement than the single swivel arm. Ideal for workstations with high demands on monitor positioning.
