ESD safe

DESCRIPTION

Power cord for Desco and SCS benchtop ionizers whose power supply ships without a cord. The two-pin Schuko plug fits standard continental European outlets.

FEATURES

- IEC connector at the device, Schuko plug at the mains
- Two-pin design (CEE 7/16) for continental Europe
- Fits ionizer power supplies with an IEC inlet, including Desco 963E, SCS 9110 and the Mini Zero Volt Ionizer power supply

APPLICATIONS

Power supply for benchtop ionizers at the ESD workstation on the European mains.
