

Reztore antistatic coating, dissipative, 1 l spray bottle - Desco DESCO 229014

Item no. DESCO 229014

Manufacturer Desco

Long-lasting antistatic hard coating for surfaces in the EPA. Keeps triboelectric charges well below 200 volts and provides a safe path to ground. Removes contaminating particles and helps prevent ESD events.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	United States
HS-Code	34024200
Norm	IEC 61340-5-1
Sales unit	Karton mit 12 Flaschen à 1 l
Weight	6.33 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The Desco Reztore antistatic coating forms a long-lasting dissipative hard coat on surfaces in the EPA. It keeps triboelectric charges well below 200 volts and provides a safe path to ground.

BENEFITS

- Keeps triboelectric charges below 200 volts per EIA 625
- Long-lasting hard coat with protection lasting three times as long as leading brands
- Dissipative, provides a safe path to ground
- Removes contaminating particulate and helps prevent ESD events
- Non-toxic and safe to use

TECHNICAL DATA

- RTT: 10E6 ohms per ANSI/ESD S4.1
- Volume: 1 litre spray bottle
- Pack: carton of 12 bottles
- RoHS compliant
- Country of origin: USA

APPLICATIONS

For antistatic treatment of work surfaces, tools and equipment in electronics manufacturing. Also available as a bag-in-box refill.

STANDARDS AND COMPLIANCE

Supports operation of an EPA to IEC 61340-5-1. RoHS compliant.
