

i-CON Vario 2 ESD 2-Channel Soldering and Hot Air Station, 200 W, without Tools - Erska 0ICV203A

Item no. ER-0ICV203A

Manufacturer Erska

EAN 4003008092509

Antistatic i-CON VARIO 2 multichannel soldering and desoldering station with a 200 W supply unit driving two tools at once. Temperature range 150-450 °C, air flow 2-20 l/min. Supplied without tools.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	Germany
ESD equipment	ESD Lötstationen
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The i-CON VARIO 2 is an antistatic (ESD) multichannel soldering and desoldering station for professional electronics production. The compact supply unit provides two soldering tools that can be used at the same time and is delivered without tools.

Alongside the ergonomic i-Tool AIR S hot air iron (200 W), you can run the 150 W i-Tool for soldering and classic desoldering or the Chip Tool Vario desoldering tweezers (80 W). Other Erska soldering tools can be used as alternatives. The clear operation and digital display make for comfortable work.

TECHNICAL DATA

Type	Multichannel soldering and desoldering station
Antistatic design (ESD)	Yes
Rated power	200 W
Voltage	230 V
Temperature range	150-450 °C
Air flow	2-20 l/min

Digital display
Standby consumption
RoHS compliant
Scope of delivery

Yes
approx. 25 W
Yes
without tools
