

Futura Komplex sit-stand stool, PU seat, swivelling, height 610-860 mm, mechanical - meychair AF6-PU6

Item no. ME-11147

Manufacturer meychair

EAN 4260046928485

Futura Komplex sit-stand stool with a PU seat that swivels 70 degrees with automatic return, ideal for packing and assembly stations involving frequent turning and reaching. Stepless mechanical height adjustment across 610-860 mm plus seat tilt. The round-tube steel frame moves easily on transport castors.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	94017100
Weight	0.0099 kg

DESCRIPTION

FUTURA KOMPLEX SIT-STAND STOOLS

High-grade engineering for demanding applications. Particularly at packing tables or assembly-line workstations, staff often have to turn and reach for things. For this it is essential that the sit-stand stool has a rotatable seat that adapts to the movement. Only in this way can twisting of the body be avoided. The Futura Komplex series adapts perfectly to the working conditions and provides a secure stance. Thanks to its low weight and the well-designed transport castors, it is easy and flexible to move. Various seat covers suit both the office and the workshop, production or laboratory.

STANDARD FEATURES AT A GLANCE

- Manual height adjustment
- Infinitely variable seat tilt adjustment
- Seats of PU, synthetic leather or fabric
- Seat pivots 70° with automatic return
- Frame of round steel tube
- With floor glides and small transport castors
