DESCRIPTION

FUTURA PROFESSIONAL SIT-STAND STOOLS

The steadfast one among the sit-stand stools. The sturdy steel frame always provides a secure stance and plenty of legroom, even during demanding work. The additional seat suspension provides particular seating comfort. The range of use of the Futura Professional is almost unlimited. With PU foam seat surfaces it is easily used in the industrial, production and welding areas; with synthetic leather or fabric also in the information or exhibition area. The comfortable gas spring makes height adjustment easy in an instant, so this series is also perfectly suited to changing staff.

STANDARD FEATURES AT A GLANCE

- Height adjustment by gas spring, with depth suspension
- Wide choice of seat shapes in PU, synthetic leather or fabric, with seat tilt adjustment
- Seats non-rotatable
- Steel frame
- With floor glides and small transport castors
