DESCRIPTION

ASSISTENT KOMPLEX STOOL

High-grade engineering for demanding applications. The wide range of seat shapes of our industrial stools also covers special work areas with particular seating requirements. The tractor seat provides especially comfortable seating and thus allows long working sessions. Abrasion-resistant PU foam covers that are easy to clean suit both the laboratory and the cosmetics field. These stool models are also available with a plastic base.

STANDARD FEATURES AT A GLANCE

- Height adjustment by gas spring, in part with ring release under the seat
- Comfortable PU tractor seat
- Tall models with chrome foot ring
- Plastic base, with floor glides or castors
