

# Plug Socket MSSD-ZBZC - Festo 185521

Item no. FES-185521

Manufacturer Festo

EAN 4052568039127

Festo pneumatic component for industrial automation and compressed-air applications in proven quality.

## TECHNICAL DATA

Corrosion resistance class **1 - low corrosion stress**  
CRC

HS-Code **85366990**

Material **Polyamide (PA)**

Mounting position **arbitrary**

Operating voltage **24 V DC**

Protection rating **IP50**

Series **MSSD**

Temperature (max.) **50**

Weight **0.0066 kg**

## DESCRIPTION

Festo pneumatic component for industrial automation and compressed-air applications in proven quality. The key technical data of this genuine Festo article are listed below.

|                                         |                                           |
|-----------------------------------------|-------------------------------------------|
| Fastening type                          | on solenoid valve with self-cutting screw |
| installation position                   | arbitrary                                 |
| Product weight [g]                      | 11                                        |
| Operating voltage range DC [V]          | 3 to 36                                   |
| Protection category                     | IP50                                      |
| ambient temperature [°C]                | -10 to 50                                 |
| Housing material                        | PA                                        |
| Electrical connection                   | socket / container / ....                 |
| Nominal operating voltage DC [V]        | 24                                        |
| Conductor - nominal cross-section [mm²] | 0.22 to 0.34                              |
| Maritime classification                 | see Certificate                           |
| Material information                    | RoHs compliant                            |
| Corrosion resistant class KBK           | 1 - low corrosion stress                  |
