

## Silencer UC-QS-8H - Festo 175611

Item no. FES-175611

Manufacturer Festo

EAN 4052568037895

Festo pneumatic component for industrial automation and compressed-air applications in proven quality.

### TECHNICAL DATA

|                         |           |
|-------------------------|-----------|
| Betriebsdruck max [bar] | 10.000000 |
| HS-Code                 | 84879090  |
| Pneumatischer Anschluss | QS-8      |
| Weight                  | 0.0026 kg |

### STANDARDS & COMPLIANCE

ISO 8573-1:2010

### DESCRIPTION

Festo pneumatic component for industrial automation and compressed-air applications in proven quality. The key technical data of this genuine Festo article are listed below.

|                                                |                                           |
|------------------------------------------------|-------------------------------------------|
| installation position                          | arbitrary                                 |
| Packing size                                   | 1                                         |
| Operating pressure [bar]                       | 0 to 10                                   |
| Operating medium                               | Compressed air to ISO 8573-1:2010 [7:-:-] |
| Information about operating and control medium | Oiled operation possible                  |
| Sound level [dB(A)]                            | 60                                        |
| ambient temperature [°C]                       | -10 to 70                                 |
| Product weight [g]                             | 2,3                                       |
| Pneumatic connection                           | QS-8                                      |
| Dampening insert material                      | PE                                        |
| Stud material                                  | PE                                        |
