

## Gear Unit EMGC-60-P-G40-SEC-67 - Festo 8000622

Item no. FES-8000622

Manufacturer Festo

EAN 4052568276751

Festo pneumatic component for industrial automation and compressed-air applications in proven quality.

### TECHNICAL DATA

HS-Code 84834029

Schutzart IP54

Weight 1.6 kg

### DESCRIPTION

Festo pneumatic component for industrial automation and compressed-air applications in proven quality. The key technical data of this genuine Festo article are listed below.

|                                  |                 |
|----------------------------------|-----------------|
| Flange size drive [mm]           | 60              |
| Flange size motor [mm]           | 67              |
| Torsional play [deg]             | 0,67            |
| Gear type                        | Planetary drive |
| Gear ratio                       | 40:1            |
| Max. actuator speed [1/min]      | 6.000           |
| Operating temperature drive [°C] | -20 to 90       |
| Protection category              | IP54            |
| Continuous output torque [Nm]    | 42,0            |
| Mass inertia Drives [kg/cm²]     | 0,29            |
| Max. output torque [Nm]          | 52,0            |
| Max. degree of effectiveness [%] | 92              |
| Torsional stiffness []           | 2,400           |
| Product weight [g]               | 1.200           |

|                          |                                                      |
|--------------------------|------------------------------------------------------|
| Interface code Motor out | 60H                                                  |
| Interface code Motor in  | 67A                                                  |
| Material information     | LABS containing materials included<br>RoHs compliant |
