

ERSADUR-LF long-life soldering tip i-Tool, straight, chisel, 6.5 mm - Erska 0102CDLF65

Item no. ER-0102CDLF65

Manufacturer Erska

EAN 4003008082951

ERSADUR-LF long-life soldering tip for the Erska i-Tool iron, straight with a 6.5 mm chisel face. Its iron-plated, chrome-protected coating ensures efficient heat transfer and durability in continuous use. Compatible with i-CON series soldering stations.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
ESD equipment	ESD Lötstationen
Weight	0.1 kg

DESCRIPTION

ERSA i-Tip long-life soldering tip, straight, chisel-shaped, 6.5 mm, with ERSADUR-LF coating. ERSADUR tips are produced to a high standard and built for continuous operation: a special galvanic process plates them with an iron layer and adds a chrome layer that protects against corrosion and oxidation. Excellent heat transfer protects the iron's heating element from overheating and premature wear.

Suitable for the i-Tool soldering iron (0100CDJ) of the i-CON station in versions 0IC1000A, 0IC1100A, 0IC1100V, 0IC2000A, 0IC2000AIT, 0IC2000AC, 0IC2000AXT, 0IC2200V, 0IC2200VC, 0IC2200VIT, 0IC2200VXT, 0IC2100VC and 0IC2100VXT. ERSKA offers a comprehensive range of soldering and desoldering tips for i-Tool, i-Tool Pico and i-Tool Nano.

TECHNICAL DATA

RoHS compliant	Yes
Design	straight
Coating	Long-life tip (ERSADUR-LF)
Tip shape	chisel-shaped
Tip diameter/width	6.50 mm
Shank inner diameter	3.50 mm
Shank outer diameter	5.20 mm

Overall length	47 mm
Tip series	102
