

Stripping Knife Ø 8-28 mm with Retractable Blade and Round Cut - Bernstein 5-503

Item no. BS-5-503

Manufacturer Bernstein

EAN 4250838506618

This stripping knife jackets off common round cable from Ø 8 to 28 mm precisely, quickly and safely. An adjusting screw at the handle end sets the cutting depth, and the rotating blade switches automatically between round and longitudinal cuts for clean results without damaging the cable.

TECHNICAL DATA

Ausführungsklasse	TEC
HS-Code	82119200
Weight	0.07 kg

DESCRIPTION

For precise, fast and safe stripping of common round cable from Ø 8 to 28 mm, an adjusting screw at the handle end sets a fixed cutting depth, while the rotating inner blade automatically switches between round and longitudinal cutting.

ADVANTAGES

- Wide working range from Ø 8 to 28 mm for common round cable
- Adjusting screw at the handle end for a fixed cutting depth
- Retractable, rotating blade switches automatically from round to longitudinal cutting
- Blades made of special stainless steel for lasting sharpness
- One-component plastic handle, non-slip

TECHNICAL DATA

Feature	Value
Blades	special stainless steel
Handle	one-component plastic, non-slip
Overall length	140 mm
Weight	68 g

APPLICATION

Suited for stripping common round cable from Ø 8 to 28 mm in electrical installation, control cabinet building and cable assembly, on irregular insulation make a round cut first, then open lengthwise.
