

Stripping Knife with Straight Blade for Round Cables Ø 4-28 mm - Bernstein 5-506

Item no. BS-5-506

Manufacturer Bernstein

EAN 4250838506656

The stripping knife opens the jacket of common round cables from Ø 4 to 28 mm in a single pass, with cutting depth set via an adjusting screw at the handle end. The rotating inner blade switches automatically between round and longitudinal cuts. The blade is made of special stainless steel.

TECHNICAL DATA

Ausführungsklasse	TEC
HS-Code	82119200
Lenght	18
Weight	0.085 kg

DESCRIPTION

Anyone terminating cables knows the blade decides speed and cleanliness of the cut. The stripping knife 5-506 opens round cables from Ø 4 to 28 mm in one pass without damaging the conductors.

ADVANTAGES

- Special stainless steel keeps the blade sharp across Ø 4-28 mm.
- Adjusting screw at the handle end sets the cutting depth precisely for each cable diameter.
- Rotating inner blade switches automatically between round and longitudinal cuts.
- 1-component plastic handle sits non-slip in the hand.
- Overall length of only 180 mm for mobile use.

TECHNICAL DATA

Feature	Value
Blade material	Special stainless steel
Handle	1-component plastic, non-slip
Overall length	180 mm
Weight	82 g

APPLICATION

For precise, fast and safe stripping of all common round cables from Ø 4 to 28 mm, for example in

electrical installation and switch cabinet building. The cutting depth is set via the adjusting screw at the handle end to match the cable diameter.
