

Black Test Probe with 1 mm Steel Blade, CAT I up to 60 V DC, 4 mm Socket Connection - Bernstein 2-265-2

Item no. BS-2-265-2

Manufacturer Bernstein

EAN 4250838501620

The black test probe with a 1 mm steel blade is fully insulated except for its fine tip and rated for measurement category CAT I up to 60 V DC. The 4 mm socket connection and plastic handle make it a precise contact probe for tightly spaced connectors.

TECHNICAL DATA

Ausführungsklasse	TEC
Colour	Black
HS-Code	39269097
Lenght	155
Weight	0.009 kg

DESCRIPTION

Densely packed connectors and delicate traces call for a test probe that neither slips nor short-circuits. The black test probe with a 1 mm steel blade is fully insulated except for its finely ground tip and approved for measurement category CAT I up to 60 V DC / 30 V AC.

ADVANTAGES

- particularly fine, thin and flexible tip made of 1 mm steel wire
- fully insulated except for the tip, lowering the risk of short circuits
- measurement category CAT I, rated voltage 30 V AC and 60 V DC
- 4 mm socket connection, compatible with standard test leads
- plastic handle, overall length 155 mm

TECHNICAL DATA

Feature	Value
Measurement category	CAT I
Rated voltage	30 V AC and 60 V DC
Tip	1 mm steel wire, finely ground, flexible
Insulation	fully insulated except for the tip
Connection	4 mm socket
Handle	plastic

Feature	Value
Color	black
Overall length	155 mm
Weight	9 g

APPLICATION

- testing and measuring at closely spaced contacts without risk of short circuits
- test work on circuit boards, connectors and terminal blocks
- black version to mark the negative pole when measuring in pairs

STANDARDS AND DELIVERY DATA

- EAN 4250838501620
- Customs tariff number 39269097
- Country of origin Germany
