

Slicker Trowel 16 mm Wide, Polished Blade with Round Stalk - Bernstein 7-410

Item no. BS-7-410

Manufacturer Bernstein

EAN 4250838509152

This slicker trowel with a 16 mm blade width is polished and has a round stalk for fine retouching and modelling work. With an overall length of 220 mm and a weight of only 25 g it sits precisely and lightly in the hand.

TECHNICAL DATA

Ausführungsklasse	TEC
HS-Code	82055910
Lenght	22
Weight	0.025 kg

DESCRIPTION

Fine precision engineering and repair work, where the smallest amounts of material need to be applied or removed exactly, calls for a slim, precise tool. This slicker trowel with a 16 mm blade width and polished blade is built for exactly that task.

ADVANTAGES

- polished blade for clean, burr-free results
- round stalk for a precise, fatigue-free grip
- blade width of 16 mm for fine, controlled work
- overall length of 220 mm at only 25 g for delicate handling

TECHNICAL DATA

Feature	Value
Design	polished with round stalk
Blade Width	16 mm
Overall Length	220 mm
Weight	25 g

APPLICATION

This slicker trowel is suited to fine filling, modelling and retouching work in precision engineering as

well as repair tasks where small amounts of material need to be spread precisely. The polished blade leaves a clean surface.
