Ausführungsklasse	TEC
HS-Code	82032000
Lenght	144
Weight	0.026 kg

DESCRIPTION

Sorting, gripping and positioning small components calls for a serrated tip that holds firmly without slipping. The 5-117-1 anatomical tweezers measure 145 mm and come in form 40 with a straight, round, serrated tip.

ADVANTAGES

- Serrated, round tips in form 40 prevent slipping when handling smooth parts.
- Antiallergic coating is gentle on the skin during prolonged contact with the tool.
- High-quality steel with a matt lacquered surface cuts glare at the workstation.
- Overall length of 145 mm sits securely in the hand for precise work.
- Low weight of 26 g supports fatigue-free work over longer periods.
