

Bernstein 5-441. Changeable delrin tips tweezers 125 mm tips 1.5 mm width,insulated

Item no. BS-5-441

Manufacturer Bernstein

EAN 4250838506588

Changeable delrin tips tweezers 125 mm tips 1.5 mm width,insulated

TECHNICAL DATA

Ausführungsklasse	TEC
HS-Code	82032000
Lenght	125
Weight	0.017 kg

DESCRIPTION

- rounded tips width 1.5 mm
- form 70 DV
- material tip delrin
- matt polished surface, smooth and glare-free
- fully insulated 10^{13} and 10^{15} ohms
- length 125 mm
- weight 17 g

Area of application

Special tweezers with replaceable DELRIN tips for very sensitive components.

DELRIN is a universal plastic for functional parts in precision mechanics or apparatus engineering with outstanding technical properties. Technical properties DELRIN: low frictional resistance, good abrasion resistance, excellent spring capacity, high fatigue strength, good electrical properties, high dielectric strength, low dielectric loss factor, good chemical resistance especially against solvents, very resistant to stress cracking. The tweezer body is made of high quality stainless steel and is antimagnetic and acid resistant.
