

Replacement Heating Element for Multi-Pro Soldering Iron, 20 W / 230 V - Ersä E093100

Item no. ER-E093100

Manufacturer Ersä

EAN 4003008060249

Original ERSÄ replacement heating element for the Multi-Pro soldering iron (0930CD). Rated at 20 watts and 230 volts, it restores the iron's full heating performance. A RoHS-compliant spare part for a quick, reliable repair.

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **0.03 kg**

DESCRIPTION

Original ERSÄ replacement heating element for the Multi-Pro soldering iron (0930CD). After wear or failure it restores the iron's full heating performance and ensures reliable heat transfer.

TECHNICAL DATA

Type	Replacement heating element
Suitable for	Multi-Pro soldering iron (0930CD)
Nominal power	20 watts
Voltage	230 volts
RoHS compliant	Yes
