

Independent 75 Gas Soldering Iron, 75 W, with Tip - Erska OG070KN

Item no. ER-OG070KN

Manufacturer Erska

EAN 4003008061758

Gas soldering iron for the cordless Independent 75 gas soldering set, with piezo ignition and 75 watts of heating power. Supplied with a 2.4 mm chisel-shaped, nickel-plated soldering tip (OG072KN) and up to 60 minutes burn time per gas filling. Ideal for mobile soldering away from mains power.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.09 kg

DESCRIPTION

The ERSKA Independent 75 gas soldering iron is the burner unit for the cordless Independent 75 gas soldering set (OG07400141 and OG07400041). It uses piezo ignition, reaches up to 580 °C and is ready for use after about 46 seconds.

The iron is supplied with a 2.4 mm chisel-shaped, nickel-plated soldering tip (OG072KN) from the G072 series. One gas filling provides up to 60 minutes of burn time.
