

Interchangeable PCB Frame for HR550 - Ersa 0HR554

Item no. ER-0HR554

Manufacturer Erska

EAN 4003008102383

Interchangeable board frame for the ERSK HR550 Hybrid Rework System. It holds the printed circuit board securely in the board holder during desoldering and soldering and lets you swap boards quickly between rework cycles.

TECHNICAL DATA

Ausföhrungsklasse	TEC
Country of Manufacture	Germany
Weight	0.1 kg

DESCRIPTION

The ERSK interchangeable PCB frame is an accessory for the HR550 Hybrid Rework System. It locates the printed circuit board in the board holder, keeps it securely in position during desoldering and soldering, and its interchangeable-frame design allows boards to be swapped quickly between rework cycles.
