

## Hot Gas Nozzle for Independent 60 Gas Soldering Iron - Ersä 0G152HE

Item no. ER-0G152HE

Manufacturer Ersä

EAN 4003008053074

Hot gas nozzle attachment for the gas-powered ERSA Independent 60 soldering iron. Instead of an open flame it produces a focused stream of hot gas for flameless heating tasks such as shrinking heat-shrink tubing. Part of the G152 accessory range for the Independent 60.

### TECHNICAL DATA

Ausführungsklasse TEC

Country of Manufacture Germany

Weight 0.1 kg

Ersä 0G152HE

### DESCRIPTION

ERSA hot gas nozzle 0G152HE for the gas-powered Independent 60 soldering iron. Fitted in place of the open flame, it delivers a focused stream of hot gas, making it suitable for flameless heating tasks such as shrinking heat-shrink tubing. The nozzle is part of the G152 accessory range for the Independent 60.
