

ESD wrist strap elastic, red, anti-allergic, 10 mm stud - A1-ESD EP0105008

Item no. EP0105008**Manufacturer A1-ESD**

Elastic ESD wrist strap in red for personnel grounding at the workbench. Adjusts steplessly to wrist size via the clasp, anti-allergic, with a 10 mm stud for the grounding cord.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Red
Norm	IEC 61340-5-1
Sales unit	1 Stück
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The elastic ESD wrist strap provides reliable dissipation of static charge from the body at the electronics workbench. Combined with a grounding cord featuring a 1 MOhm safety resistor, it bonds the wearer to the ground potential of the EPA.

BENEFITS

- Adjusts steplessly to wrist circumference via the clasp
- Anti-allergic design for comfortable all-shift wear
- Bright red colour for visible identification

TECHNICAL DATA

- Connection: 10 mm stud
- Colour: red
- Design: elastic, adjustable
- Property: anti-allergic

APPLICATION

Personnel grounding at ESD workstations in electronics production, laboratories and repair, combined with a matching grounding cord with safety resistor.

STANDARDS

Suitable for use in ESD protected areas to IEC 61340-5-1.
