

Schuko grounding module with DK10 snap and 1.50 m cable - A1-ESD EP0101006

Item no. EP0101006

Manufacturer A1-ESD

Schuko grounding module for safe personnel and workstation grounding. The 10 mm snap connector and 1.50 m cable link wrist straps or mats to the protective earth, while the 1 M Ω safety resistor ensures personnel-safe dissipation.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Norm	IEC 61340-5-1
Sales unit	1 Stück
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The Schuko grounding module connects ESD protective equipment at the EPA to the protective earth of the mains supply and dissipates static charges in a controlled way. It plugs into an earthed Schuko socket and forms a grounded connection point for wrist straps, table mats or floor mats using the common 10 mm snap.

BENEFITS

- 10 mm DK snap connector for widely used ESD grounding cords
- built-in 1 M Ω safety resistor for personnel-safe dissipation
- smooth connection cable with a length of 1.50 m
- tool-free setup via the Schuko socket

TECHNICAL DATA

- Connection: 10 mm snap (DK)
- Cable length: 1.50 m, smooth cable
- Safety resistor: 1 M Ω
- Mains connection: earthed Schuko plug

APPLICATION

For grounding people and equipment in EPA areas of electronics manufacturing, repair and assembly.

STANDARDS

Suitable for building ESD protected areas to IEC 61340-5-1.
