### STANDARDS & COMPLIANCE

IEC 61340-5-1

### DESCRIPTION

Mark the entrance to an electrostatic protected area (EPA) directly on a door or wall. This self-adhesive PVC film in signal yellow holds even on difficult surfaces thanks to a high-strength adhesive and indicates, in English, the start of the protected zone.

### BENEFITS

- High-strength adhesive for hard-to-bond surfaces such as PP, PE or rough substrates
- Signal yellow RAL 1016 for high visibility at the entrance
- English print for international sites

### TECHNICAL DATA

- Material: high-quality self-adhesive PVC film
- Dimensions: 300 x 150 mm
- Language: English
- Print: single-sided
- Colour: yellow, RAL 1016
- Adhesive: high-strength, also for PP, PE and rough substrates

## **APPLICATIONS**

Suitable for marking the EPA entrance on difficult or rough surfaces.

## **STANDARDS AND COMPLIANCE**

Supports the labelling requirements of IEC 61340-5-1.
