

Composite Soldering Tip 2BC Format - Hakko T17-BCM2

Item no. HK-T17-BCM2

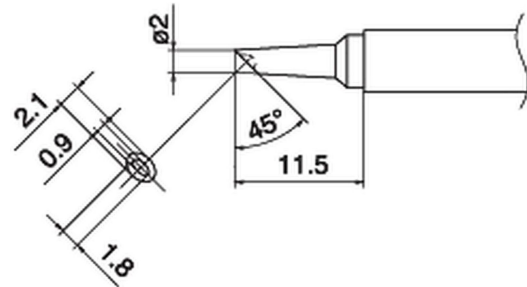

Manufacturer Hakko

EAN 4962615029745

Composite soldering tip in 2BC format designed for Hakko FM-2026 70W handpiece. Compatible with FM-203, FM-204, FM-206, FX-950, FX-951, and FX-952 stations. Durable composite construction for reliable soldering performance.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Japan
HS-Code	85159080
Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko T17-BCM2 is a composite soldering tip in 2BC format, engineered for use with the FM-2026 70W handpiece. This tip delivers consistent heat transfer and durability across multiple Hakko soldering stations, making it an essential replacement component for professional electronics assembly and repair work.

KEY FEATURES

- 2BC format composite tip design
- Compatible with FM-2026 70W handpiece
- Durable composite construction for extended service life
- Consistent thermal performance
- Suitable for general-purpose soldering applications

COMPATIBILITY

The T17-BCM2 tip is compatible with the following Hakko soldering stations and handpieces: FM-203, FM-204, FM-206, FX-950, FX-951, and FX-952, all equipped with the FM-2026 70W handpiece.
