ESD safe

DESCRIPTION

Overview

The Hakko T17-BC3 is a composite soldering tip in 3BC format, engineered for use with the FM-2026 70W handpiece. This tip delivers reliable heat transfer and solder flow for professional soldering applications across multiple Hakko soldering stations.

Key Features

- 3BC composite tip format for optimal thermal performance
- Compatible with FM-2026 70W handpiece
- Works with multiple Hakko station models
- Durable composite construction for extended tip life

- Consistent solder wetting and heat distribution

Compatibility

This tip is compatible with the following Hakko soldering stations and handpieces: FM-203, FM-204, FM-206, FX-950, FX-951, FX-952, and FM-202 (discontinued). All models use the FM-2026 70W handpiece.

Technical Specifications

Tip Format	3BC Composite
