

Composite Soldering Tip 3BCF Format - Hakko T20-BCF3

Item no. HK-T20-BCF3 Manufacturer Hakko EAN 4962615032448

Composite soldering tip in 3BCF format, designed for Hakko FX-8301 (150W) and FX-8302 handpieces. Features pre-tinned soldering surface for optimal heat transfer and solder wetting. Genuine Hakko replacement part.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Japan
HS-Code	85159080
Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko T20-BCF3 is a composite soldering tip in 3BCF format, engineered for use with Hakko FX-8301 (150W) and FX-8302 handpieces. The tip features a pre-tinned soldering surface that ensures reliable heat transfer and superior solder wetting characteristics for consistent, high-quality soldering results.

KEY FEATURES

- 3BCF format composite construction for durability and thermal performance
- Pre-tinned soldering surface for immediate use and optimal wetting
- Compatible with Hakko FX-8301 (150W) and FX-8302 handpieces
- Genuine Hakko replacement part ensuring quality and reliability
- Designed for professional soldering applications

TECHNICAL SPECIFICATIONS

Tip Format	3BCF
Compatible Handpieces	Hakko FX-8301 (150W), FX-8302
Surface Treatment	Pre-tinned soldering surface

Country of Origin	Japan
-------------------	-------

APPLICATIONS

Ideal for general-purpose soldering, PCB assembly, and rework applications where reliable heat transfer and consistent solder flow are essential. Suitable for both through-hole and surface-mount soldering tasks.
