

Composite Soldering Tip 6C - Hakko T20-C6

Item no. HK-T20-C6

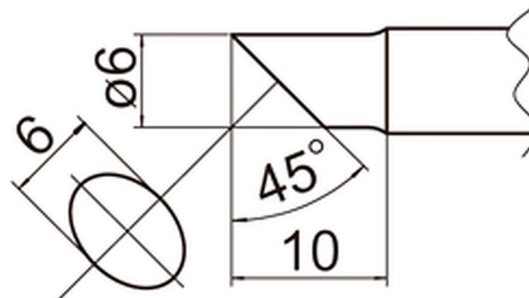

Manufacturer Hakko

EAN 4962615032424

Composite soldering tip format 6C designed for Hakko FX-8301 (150W) and FX-8302 handpieces. Durable replacement tip for high-performance soldering applications.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Japan
HS-Code	85159080
Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko T20-C6 is a composite soldering tip in format 6C, engineered for use with Hakko FX-8301 and FX-8302 handpieces. This replacement tip delivers reliable heat transfer and durability for professional soldering operations.

KEY FEATURES

- Format 6C composite construction for optimal heat distribution
- Compatible with FX-8301 (150W) and FX-8302 handpieces
- Durable replacement tip for extended service life
- Designed for high-performance soldering applications
- Nozzle designation D - B 3124

TECHNICAL SPECIFICATIONS

Tip Format	6C Composite
Compatible Handpieces	FX-8301 (150W), FX-8302
Nozzle Designation	D - B 3124
Country of Origin	Japan

APPLICATIONS

Ideal for professional soldering work requiring reliable heat transfer and consistent performance with Hakko FX-838 series handpieces.
