

Soldering Tip BL Format - Hakko T20-BL

Item no. HK-T20-BL

Manufacturer Hakko

EAN 4962615032356

Composite soldering tip in BL format designed for Hakko FX-8301 (150W) and FX-8302 handpieces. Reliable heat transfer and durability for professional soldering applications.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Japan
HS-Code	85159080
Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko T20-BL is a composite soldering tip in BL format, engineered for use with Hakko FX-8301 and FX-8302 handpieces. This replacement tip delivers consistent heat transfer and extended service life for demanding soldering operations.

KEY FEATURES

- BL format composite construction for optimal thermal conductivity
- Compatible with FX-8301 (150W) and FX-8302 handpieces
- Reliable performance in high-volume production environments
- Professional-grade durability and heat retention
- Easy installation and replacement

TECHNICAL SPECIFICATIONS

Tip Format	BL
Compatible Handpieces	FX-8301 (150W), FX-8302
Material	Composite
Country of Origin	Japan

APPLICATIONS

Ideal for general-purpose soldering, PCB assembly, and rework applications where reliable thermal performance and tip longevity are essential.
