

# Composite Soldering Tip 2BC - Hakko T22-BC2

Item no. HK-T22-BC2

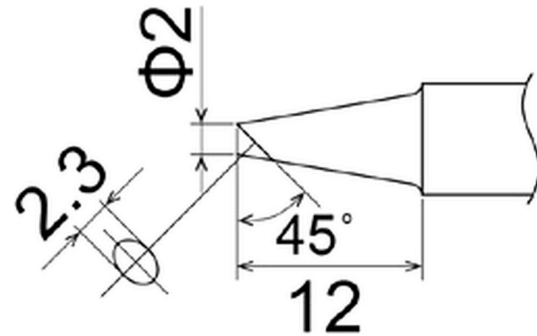

Manufacturer Hakko

EAN 4962615038273

Composite soldering tip in 2BC format designed for Hakko FM-2030 (140W) and FM-2031 handpieces. Durable replacement tip for precision soldering applications.

## DESCRIPTION

## OVERVIEW

The Hakko T22-BC2 is a composite soldering tip in 2BC format, engineered for use with Hakko FM-2030 and FM-2031 handpieces. This replacement tip delivers reliable thermal transfer and durability for professional soldering operations.

## KEY FEATURES

- 2BC format composite construction
- Compatible with FM-2030 (140W) and FM-2031 handpieces
- Designed for precision soldering applications
- Professional-grade replacement component
- Durable composite material for extended service life

## TECHNICAL SPECIFICATIONS

|                       |                         |
|-----------------------|-------------------------|
| Tip Format            | 2BC                     |
| Compatible Handpieces | FM-2030 (140W), FM-2031 |
| Material              | Composite               |
| Country of Origin     | Japan                   |

## APPLICATIONS

Ideal for general-purpose soldering, PCB assembly, and rework applications where reliable thermal performance and tip durability are essential.
