Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko A1561 is a replacement cleaning metal mesh designed for use with Hakko iron holders FH 800, FH 210, and FT 401. This consumable component maintains the cleanliness of soldering iron tips during extended work sessions, ensuring consistent solder joint quality and iron performance.

KEY FEATURES

- Compatible with FH 800, FH 210, and FT 401 iron holders
- Durable metal mesh construction for effective tip cleaning
- Easy replacement design for quick maintenance
- Extends soldering iron tip life
- Improves solder joint consistency

TECHNICAL SPECIFICATIONS

Model	A1561
Compatible Holders	FH 800, FH 210, FT 401
Type	Replacement Cleaning Mesh
Country of Origin	Japan

APPLICATIONS

Ideal for professional soldering stations and repair workshops requiring frequent tip cleaning.
Recommended for high-volume soldering operations where tip cleanliness directly impacts solder quality.
