

Hot Air Nozzle 4mm - Hakko N4-02

Item no. HK-N4-02	Manufacturer Hakko	EAN 4962615037627
-------------------	--------------------	-------------------

4mm diameter hot air nozzle designed for the Hakko FM-2029 hot air soldering iron. Enables precise, localized heating for component rework and soldering tasks.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Japan
HS-Code	85159080
Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko N4-02 is a precision hot air nozzle with a 4mm diameter opening, specifically engineered for use with the FM-2029 hot air soldering iron. This nozzle delivers concentrated, controlled heat for targeted soldering and desoldering operations on surface-mount devices and fine-pitch components.

KEY FEATURES

- 4mm diameter nozzle opening for focused heat delivery
- Compatible with FM-2029 hot air soldering iron
- Precision-engineered for consistent performance
- Enables controlled heating of small to medium-sized areas
- Ideal for SMD rework and component replacement

TECHNICAL SPECIFICATIONS

Nozzle Diameter	4 mm
Compatible Iron	Hakko FM-2029
Country of Origin	Japan

APPLICATIONS

The N4-02 nozzle is suitable for soldering and desoldering small surface-mount components, fine-pitch connectors, and precision electronics repair work where localized heating is essential.
