Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko B5006 is an authentic replacement handpiece grip for the FX-1001 induction soldering iron system. Finished in distinctive yellow, this ergonomic handpiece provides a secure, comfortable grip during extended soldering sessions while maintaining excellent heat dissipation properties.

KEY FEATURES

- Original Hakko replacement part for FX-1001 induction soldering iron
- Yellow finish for easy identification and professional appearance
- Ergonomic design reduces operator fatigue during prolonged use
- Heat-resistant construction suitable for high-temperature soldering applications
- Secure connection to induction soldering iron body
- Manufactured in Japan to Hakko quality standards

TECHNICAL SPECIFICATIONS

Compatibility	Hakko FX-1001 Induction Soldering Iron
Color	Yellow
Type	Handpiece Grip

Country of Origin	Japan
-------------------	-------

APPLICATIONS

Ideal for replacement or upgrade of worn handpiece grips on FX-1001 induction soldering systems. Suitable for electronics assembly, rework, repair, and precision soldering applications in industrial and laboratory environments.
