Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko B3474 is a replacement silicone wiper designed for use with the Hakko FH 800 soldering iron holder. This consumable accessory helps maintain soldering iron tip cleanliness by removing excess solder and oxidation during work, extending tip life and improving soldering quality.

KEY FEATURES

- Silicone construction for durability and flexibility
- Compatible with Hakko FH 800 iron holder
- Easy replacement design
- Helps prevent tip oxidation and buildup
- Improves solder joint quality

TECHNICAL SPECIFICATIONS

Model	B3474
Compatible Holder	Hakko FH 800
Material	Silicone
Country of Origin	Japan

APPLICATIONS

Ideal for professional soldering workstations and repair facilities where regular tip cleaning is essential. Recommended for use in electronics assembly, PCB rework, and maintenance operations.
