DESCRIPTION

OVERVIEW

The Hakko FH400-82 is a replacement stand designed specifically for the desoldering pump handpiece of the FR 4001 desoldering station. This accessory provides a safe and convenient resting place for the pump when not actively desoldering, protecting both the handpiece and work surface.

KEY FEATURES

- Purpose-built stand for FR 4001 pump handpiece
- Secure positioning prevents accidental damage
- Compact design fits standard workbench layouts
- Genuine Hakko replacement part
- Durable construction for long-term use
