

Oval Nozzle Positioning Guide - Hakko B5229

Item no. HK-B5229	Manufacturer Hakko	EAN 4962615053429
-------------------	--------------------	-------------------

Positioning guide designed to align and secure oval desoldering nozzles with the Hakko FR4003 desoldering pump. Ensures accurate nozzle placement for efficient solder removal.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Japan
HS-Code	85159080
Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko B5229 is a precision positioning guide engineered to align oval desoldering nozzles with the FR4003 desoldering pump system. This accessory ensures consistent, accurate nozzle placement for reliable solder removal operations.

KEY FEATURES

- Designed specifically for oval desoldering nozzles
- Compatible with Hakko FR4003 desoldering pump
- Ensures precise nozzle alignment and positioning
- Improves desoldering accuracy and efficiency
- Durable construction for repeated use

TECHNICAL SPECIFICATIONS

Compatible Equipment	Hakko FR4003 Desoldering Pump
Nozzle Type	Oval Desoldering Nozzles
Country of Origin	Japan

APPLICATIONS

Ideal for precision desoldering work in electronics assembly, repair, and rework operations where accurate nozzle positioning is critical for component removal and board recovery.
