

PCB Holder Clip for C 5027 - Hakko B 5098

Item no. HK-B5098	Manufacturer Hakko	EAN 4962615047824
-------------------	--------------------	-------------------

Dedicated PCB holder clip designed for the Hakko C 5027 preheater. Enables secure and stable positioning of circuit boards during preheating operations. Genuine Hakko replacement component.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Japan
HS-Code	85159080
Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko B 5098 is a precision-engineered PCB holder clip specifically designed for use with the Hakko C 5027 preheater. This replacement part ensures secure positioning and stable clamping of circuit boards during preheating cycles, preventing movement and ensuring consistent thermal distribution across the assembly.

KEY FEATURES

- Purpose-built for C 5027 preheater compatibility
- Secure PCB clamping mechanism
- Prevents board movement during preheating
- Genuine Hakko replacement part
- Durable construction for repeated use
- Easy installation and removal

TECHNICAL SPECIFICATIONS

Model	B 5098
Compatible Equipment	Hakko C 5027 Preheater
Type	PCB Holder Clip

Country of Origin	Japan
-------------------	-------

APPLICATIONS

Ideal for electronics assembly operations requiring preheating of circuit boards prior to soldering. Suitable for both prototype development and production environments where consistent thermal preparation is essential.

SCOPE OF DELIVERY

- 1× PCB Holder Clip B 5098
