

Desoldering Tip Chip 2L - Hakko T9-2L

Item no. HK-T9-2L

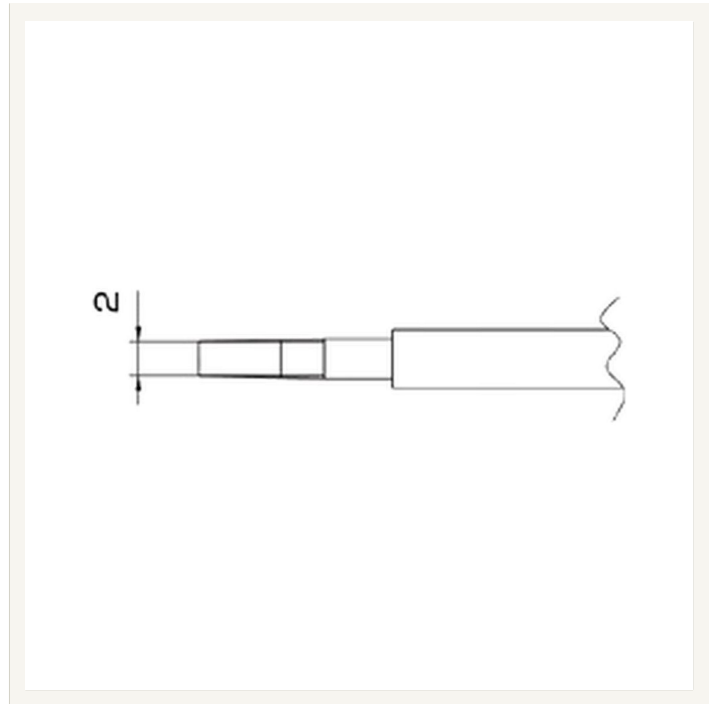

Manufacturer Hakko

EAN 4962615011931

Replacement composite desoldering tip chip in 2L format designed for the Hakko FM-2023 mini parallel desoldering tweezers. Pack contains 2 tips. Ensures reliable solder removal performance.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Japan
HS-Code	85159080
Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko T9-2L is a composite desoldering tip chip in 2L format, specifically engineered for use with the Hakko FM-2023 mini parallel desoldering tweezers. This replacement tip pack contains two units and delivers consistent, reliable performance for precision desoldering applications in electronics assembly and repair.

KEY FEATURES

- Composite construction for durability and thermal efficiency
- 2L format tip geometry optimized for parallel tweezers operation
- Compatible with FM-2023 mini parallel desoldering tweezers
- Pack of 2 replacement tips
- ESD-safe design for sensitive component handling
- Consistent solder removal performance

TECHNICAL SPECIFICATIONS

Tip Format	2L (Chip)
Compatibility	Hakko FM-2023 Mini Parallel Desoldering Tweezers
Material	Composite

Quantity per Pack	2 Tips
ESD Safe	Yes
Country of Origin	Japan

APPLICATIONS

Ideal for precision desoldering tasks in electronics manufacturing, repair, and rework operations. Particularly suited for removing solder from fine-pitch components and sensitive PCB areas where controlled, parallel-jaw desoldering is required.

SCOPE OF DELIVERY

- 2 × Desoldering Tip Chip 2L Format
