Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko A1391 is a specialized tip pair designed for use with Hakko 950 and FX-8804 desoldering tweezers. These CHIP 6L tips are engineered for precision desoldering of surface-mount components and chip removal during PCB rework operations. The package contains two replacement tips.

KEY FEATURES

- CHIP 6L specialized tip design for optimal component removal
- Compatible with Hakko 950 and FX-8804 desoldering tweezers
- Pack of 2 replacement tips
- Precision-engineered for surface-mount and chip desoldering
- Durable construction for extended service life

TECHNICAL SPECIFICATIONS

Tip Type	CHIP 6L
Quantity	2 pieces
Compatible Models	Hakko 950, FX-8804
Country of Origin	Japan

APPLICATIONS

Ideal for desoldering and rework of surface-mount components, chip removal, and precision PCB repair work. Suitable for electronics manufacturing, repair shops, and rework facilities.
