

Manual Control Unit 8400MOTEC with 2.5 m Connection Cable - Bosch Rexroth 3842552821

Item no. BRR-3842552821

Manufacturer Bosch Rexroth

The manual control unit for the 8400MOTEC frequency inverter enables direct on-site parameter setting and diagnostics without a PC. Supplied with a 2.5 m connection cable, it is designed for use in the VarioFlow plus aluminium conveyor system.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **85044085**

Weight **0.1 kg**

DESCRIPTION

The 8400MOTEC manual control unit from Bosch Rexroth provides convenient on-site operation, parameter configuration and fault diagnosis of the 8400MOTEC frequency inverter directly at the assembly line. The included 2.5 m connection cable allows sufficient reach for inverter units installed in confined or hard-to-access positions within the VarioFlow plus chain conveyor system.

- Direct parameter setting and diagnostics on the 8400MOTEC without additional software or PC connection
- 2.5 m connection cable included - ready to use immediately
- Compact and handheld for mobile use along the conveyor line

TECHNICAL DATA

Attribute	Value
Compatibility	8400MOTEC frequency inverter
Scope of delivery	Manual control unit incl. 2.5 m connection cable
Cable length	2.5 m
Weight	0.64 kg
